

# ARX Rallycross Information

Thank you for taking the time to join us for ARX rallycross. This is a very different type of event that many of you have worked. This document along with the other attached documentation will help prepare you for this event.

As with any new event we work, please be patient and flexible as the weekend progresses as things may change with out notice.

The purpose of this document is to give a base line of what will be expected from flagger, starter and start line marshals. Information about Race Control Communicator and Secretary are contained in the document

Please read this document completely as it will contain information that will pertain to you.

A detailed event schedule is attached.

## **Flag Marshals (Flag Chief: Bill Armitage)**

Review the following documents

- 2019 FIA Rallycross general prescriptions
  - Pay attention to Sections 3.8, 3.14, 3.15 and 4
- Appendix H-Rallycross.

These are the baseline flag rules we will follow for the weekend. Adjustments may occur and will be discussed in the morning meetings

**There will not be any response on track at any time unless granted permission.**

A track map is attached with station locations and names/numbers which will be the identifiers for control. Ignore the green dots that are the identifiers, use the handwritten markings as the locations.

Communication standards for the weekend will be vastly different then what we are used to. The standard protocol of calling control and waiting for a response **WILL NOT** be used. Stations should call their situation by calling in their number, flag and what is going on.

We will discuss what to call and not to call during the morning meeting as it will be different from what we normally would call.

### **Start Line Marshals (Lead Marshal: Ron Long)**

Plan on wearing whites for the weekend, however just in case please have black pants just in case ARX/IMG wants you in a different uniform.

**Reminder: Mandatory Meeting Friday at 6:30PM.....please meet in the LEC area by no later than 6:15 PM and will go to the meeting location as a group. If you are unable to attend, please let me know ASAP to fill your spot. The meeting should last about 60-90 minutes.**

Review the following document

- 2019 FIA Rallycross general prescriptions
  - Pay attention to Section 3.12, 3.13, and 4

### **Starter/Start Line Judge (Randy Holton)**

Plan on wearing your normal starter uniform of White Shirt/Tan Pants. Have black pants available just in case.

You will have ARX credentials. I will get you the information on where/when you get those. Should know when I arrive on Thursday.

### **Race Control Communicator (Tari Hodge)**

Dress appropriately for Race Control.....no set uniform. I will let you know if you have an ARX credential

I will try to get with Jason Smith (Clerk of the Course) and Beaux Barfield (Race Director) on Thursday/Friday to find out what information they will be wanting during the weekend in order to keep the net quieter as everything moves very rapidly.

### **Secretary of the Stewards (Diane Tedeschi)**

Dress appropriately for the job....no set uniform.

All you will need is your laptop. Jason Smith will give you the templates you will need for the any paperwork that needs to be produced.

Other than producing Steward decisions, you will be responsible for keeping a log of what the stewards are looking at.

Other duties may be given as the weekend progresses.

I will let you know if you have an ARX credential or a Mid-Ohio credential.
