## AMERICAS RALLYCROSS

Approximate Start time	Championship	Cars	Laps
Saturday 08.06.19			
0905	Pre-grid open for all categories. All practice runs will be 4 laps		
0915	start		
1025	end		
Sunday 09.06.19			
0905	Pre-grid open for ARX2 Other Championships ten minutes before first group start		
ARX2 Q1 grid order, ARX Q3 grid order as appropriate (groups will be combined to make best use of track time)			
0915	ARX2	3	4
0920	ARX2	4	4
0925	ARX	3	4
0930	ARX	4	4
0935	ARX3	5	4
0940	end		
<ul style="list-style-type: none"> <li>– Practice and warm-up will be in the order stated above.</li> <li>– Where shown starting times are approximate and are provided for guidance only.</li> <li>– Cars may be in groups larger than five (exact number depends on conditions, etc.) but we are working on the basis that we will run this as indicated above.</li> <li>– The direction of the grid marshals must be followed at all times.</li> <li>– All drivers must be ready to start when given the signal to do so. Taking too long to set launch control etc. can delay the whole practice schedule. This is particularly important for those drivers starting sixth, seventh, etc. and moving forward into a grid position.</li> <li>– Remember that we now have tyre checking in practice and warm-up so you must allow time to complete this.</li> <li>– Weather conditions and incidents/delays influence how many times a driver will be able to run but we expect to achieve what is set out above if all goes smoothly.</li> <li>– Practice will close at the end of the allocated time and any cars in pre-grid will be returned to the paddock.</li> <li>– We may also close practice early if we are in a position of not being able to give all drivers in a category the chance to practice again.</li> <li>– Warm-up is not mandatory, the session will be closed when the last car in pre-grid has been instructed to move to the start line. Late arrivals may be refused.</li> </ul>
