

COMMUNICATOR-MAY 2019

IMSA WeatherTech (May 3-5): Flag Chief Bill Armitage

IMSA WeatherTech series sports cars returns to Mid-Ohio May 3-5 for a full weekend of activity. If the first couple of races this season indicate how competitive the series has been, Mid-Ohio should produce another good one. The weekend will also feature the WeatherTech Championship with a 2 Hour 40 Minute race, Michelin Pilot Challenge with a Two Hour Race, Prototype Challenge with a 1 Hour 45 Minute Race and two 45 Minute Porsche GT-3 races.

The preliminary schedule shows lunch breaks every day along with a manageable schedule. Need all the help we can get....great way to shake off the winter's rust.

We are still running about 3-5 people short per day to cover the track. We are required to staff all the stations for this event.

LEC is planning on having a cook out one night. Come join us for a fun weekend of sports car racing at Mid-Ohio.

Register for the event at: www.motorsportreg.com/events/imsa-weather-tech-sportscar-f-c-mid-ohio-sports-car-course-lake-erie-970887

Morning meetings will be at 6:45 AM each day in the LEC campground. More information can be found on the website.

IMPORTANT IMSA PARKING INFORMATION

BMW will again be having their car corral using the parking area in front of the campers. The driveway behind dispatch will not be available to use during the weekend to access parking. Please use the alternative entrances. For those not camping you can park in the campground or drive through the campground and park in the front but please DO NOT park in the area in red. We appreciate your cooperation.

Mid-Ohio Region Porsche Club (May 18-19): Flag Chief Jim Schell

Mid-Ohio Region Porsche Club returns to Mid-Ohio for their annual HDPE and National Races. Porsche Club has always been a great supporter of LEC and we need to come out and help support their event. The schedule features three race groups on Saturday, with each group having two 30 minute races each. Sunday will feature 3 race groups again with one group having a 30 minute sprint race and the other two having a 70 minute Enduro. The HPDE Groups are split in two and are sandwiched around the race groups. The Race Groups are being operated through Porsche Club National and they require two people per station. We will need the help to cover the weekend. Morning meetings will be at 7:15 in the LEC Area. More information can be found on the LEC Website. To register for the event go to: <http://www.lakeeriecommunications.org/2019-season-schedule.html>

Porsche Club will also be needing some additional help on Friday to cover the track. This will be a pay opportunity for you. For more information, please contact Bill Armitage at lec@earthlink.net.

NASA Regional (May 25-26)-Pay Day Opportunity: Contact Bill Armitage

With the NASA National Championships coming to Mid-Ohio this year, the car counts should be really good during the weekend. We are invited to the NASA party in the lower paddock Saturday night.

We are contracted to provide eight (8) flaggers each day. We will pay each worker \$100 per day plus \$10 per day per diem to cover lunch. The pay will be limited to the first eight flaggers that register for the event on Motorsportreg. If you must cancel, please make sure you notify us within 24 hours of the event. If you no call, no show; you will lose the opportunity for future pay days for six months. Register at <http://www.lakeeriecommunications.org/2019-season-schedule.html>

SCCA OVR Hoosier Super Tour (May 31-June 2): Flag Chief Bill Armitage

The OVR SCCA Hoosier Super Tour returns to Mid-Ohio for their annual event May 31-June 2 for our first SCCA club event of the season. The car count looks to be a good one which will provide plenty of activity for us. This another three day event and will need help on Friday. There will be a gathering Friday evening and the traditional Saturday night party. OVR has always put on a fun weekend. Come out and support this SCCA event. Register today at <http://www.lakeeriecommunications.org/2019-season-schedule.html>

American RallyCross #1 (June 8-9): Flag Chief Bill Armitage

The debut of the American RallyCross (ARX) series at Mid-Ohio is June 8-9. A permanent track is being constructed in the key hole section of the course. It is 1225 Meters in length featuring 60 percent of the track pavement and 40% dirt along with a jump along the back straightaway. This is a fast paced, fun filled event featuring drivers Tanner Foust, Scott Speed and Ken Block. This is the opening round of the 2019 ARX season. The flagging is very simple, and this is a very different event then you are used to flagging. Sign up today to experience a new style of event. <http://www.lakeeriecommunications.org/2019-season-schedule.html>

Race Control Training

LEC is making a move to train more people to work in Race Control as a logger and as a Race Control Communicator. This will eventually become a rotating position within our organization. For those interested in training for Race Control, please contact Bill Armitage at lec@earthlink.net

New LEC T-Shirts

New for this year LEC has created a seasonal T-Shirt for those that come and support an LEC event during 2019. These shirts were designed to tell our story on what we do in racing. We are planning on making this an annual item with a new design custom made for each season.

New LEC Patches and Lanyards

You have been asking for them and now we have them. New patches and lanyards. We will have them to give out beginning at IMSA.

Race Weekend Schedules Around the Region:

Travelling to other venues around the region is highly encouraged by LEC. This gives members the opportunity to experience other venues, organizations and regions on how they operate F&C and make new friends and contacts. Several new ideas for LEC have come about from experiencing other venues. Below are the schedules for events at Indianapolis Motor Speedway, VIR, Grattan, Gingerman and Waterford Hills. Please consider travelling to other tracks in the region. This is the best way to thank those that come to Mid-Ohio and support our events.
